Àbáse Awakening

The season of blossom and hope
... the cyclical aspect of life, birth
and rebirth, constantly awakening
and growing into a new reality. The
journey to an unknown destination
we all have to take with all its
beauty and hardship, eventually
being part of the great celestial
continuum.

AP004
Recorded at Brewery Studios, Berlin
© Analogue Foundation and Oshu Records 2024

Supported by Initiative Musik gGmbH with project funds from
the Federal Government Commissioner for Culture and Media.
